Experience Summary

Mr. Sherrod is a graduate of Texas State University in San Marcos, where he studied Wildlife Biology with a minor in Geographic Information Systems (GIS). As an Ecological Project Manager with Horizon, Mr. Sherrod has participated in karst surveys as well as presence/absence surveys for various threatened or endangered (T/E) species including the golden-cheeked warbler, black-capped vireo, red-cockaded woodpecker, timber rattlesnake, Texas horned lizard, indigo snake, reticulated collared lizard, and the Texas tortoise. Mr. Sherrod also participates in Phase I Environmental Site Assessments, Section 404 jurisdictional determinations and delineations, and provides support for various other types of projects with Horizon. He contributes to Horizon's GIS mapping services in ArcView and AutoDesk.
